## Notes:

- The data do NOT include the roughly 880,000 "old" Rwandan refugees whose families fled in 1989-94. They are distributed as follows: Burundi: 245,000; Uganda: 60,000; Tanzania: 50,000; and Zaire: 60,000.
- It is not clear whether drought-affected Rwandans have been consistently included or excluded from the data.
- They do, however, constitute a potential group of perhaps several hundred thousand demanding food assistance.
